# Electronic Journal Retrieval (EJ)

## CHALLENGES

- Are you incurring increased costs and extended ATM downtime by having to perform manual journal retrieval?
- Do you experience unplanned and costly ATM downtime due to your ATM hard drive reaching capacity?
- Are current administrative costs associated with manual retrieval and storage proving to be too costly?

## FEATURES

- Secure and centralized on-line retrieval of ATM transaction history, replacing the manual retrieval process necessary today for each of your ATMs.
- Automated remote online retrieval of ATM event history, on a weekly and/or monthly basis. Additionally, it includes the ability for your staff to download the EJ file from the secure Everlink report server.

### PREREQUISITES

1. Remote Software Manager (RSM)
